Course Requirements:

All registrants should have some prior knowledge regarding patient care and transport.

The enclosed registration/questionnaire form must be completed and submitted with full payment ASAP. Preparation for this course is required; if requesting course materials allow for sufficient time for receipt of course materials.

Cancellation Policy:

Should the course not have sufficient registration, it will be cancelled, and your money will be refunded. **Cancellations received less than 14 days in advance are late cancellations and will incur full course cost. No refunds provided for course books or shipping.**

CAMATA Training Course (2 Days)

Upon completion of the Training Course the CAMATA Provider will become more familiar with:

- History of Air Medical Transport
- Inter-facility vs. Scene Response and Transport
- Aviation Physiology
- Patient care in the flight environment
- Types of Aircraft and Aviation Aspects
- Aviation Safety
- Search and Rescue
- Air Medical Crew Fitness
- Infection Control in the flight environment
- Air Medical Communications
- In flight emergencies
- Aircraft tours and overview based on aircraft availability (not available for virtual courses)
